

# YANKEE'S STORY OF RACING IN TURKEY

Fred Foster, Who Won Brooklyn Handicap with Dr. Rice, Returns from Europe with Medals and Money.

Fred Foster, former owner of Dr. Rice, winner of the Brooklyn Handicap in 1894, and the only American who has ever trained horses and men in Turkey and Austria-Hungary, returned to the United States to-day after three years spent on the European turf. He was a passenger on the White Star liner Germanic.

Foster courted fame abroad as trainer for the stables of the late Baron George Blucherode, winning the Reuher Rennen or German Derby with Ecclia in 1901, and with Fama in 1902. The last mare is to-day the queen of the German turf.

"When Baron George was killed in his automobile last June," said Foster as he stepped from the steamer, "I lost many of the stables of the German turf. He was a banker and, after Rothschild, the greatest financier of the Continent, and could afford to maintain the finest breeding stables in the world at Leobenitz.

"It will interest America to know that after the coming racing season is over next fall the magnificent stable, together with the castle where the Baron George lived, will be sold at public auction, and I have decided to put in my bid for Dr. Rice. The purchase will be purely one of sentiment. I sold the Derby winner to the Baron for \$25,000.

"My brother George remained in Germany to look after the stables of the late Baron. He is supported by Jockeys Ed Jones, Jim Morgan, Ed Ross and Tom Brady. The last named I consider one of the greatest coming riders of the world. He is Tod Sloan, Tommy Burns and half a dozen others rolled into one."

When asked concerning his experience in Turkey and Austria-Hungary, Foster said: "At first I was viewed with suspicion and my methods in training ridiculed, but after I began to win against simon-pure Arabian horses and the natives were satisfied that I loved my animals I found clear sailing."

"In Sarajevo, the racing city of Turkey, I entered seven races and won them all. The riding of Morgan and Ross was a revelation to the Turks, and feature of the meets. Not quite as good a showing was made in Budapest, Hungary, for I only stood third in their Derby, but afterward redeemed the American laurels by winning seventeen straight races at that city and Vienna.

"From one end of Turkey to the northern border of Austria in racing one hears nothing else than the wonderful American horsemanship. It is a field for good, clean sport which has been overlooked, and why I cannot understand for the purses are large and the experience nothing if not interesting. But I wanted to get back home around my old friends."

Trainer Foster stated that he had received an offer from one of the kings of the turfing world to come to the coming season. He said that the terms proposed were too small. He continued: "Now that the way every human being enters the racing field at all I need a rest. My brother Matt has been doing pretty well with my old string down at New Orleans."

Foster brought back with him many handsome medals and trophies presented to him by various titled men in Turkey and Europe. Incidentally he brought back a big bunch of money, too.

Foster's return to America is a great event. He is the only American who has ever trained horses and men in Turkey and Austria-Hungary, and his success in these countries is a great credit to the American turf.
